PRAVIN R

Frontend Developer | React Developer

+91 7200667910 | rameshpravin1@gmail.com | Salem, Tamil Nadu, India
LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Frontend Developer skilled in React.js, JavaScript (ES6+), HTML5, CSS3, and Bootstrap, building responsive, component-based single-page applications with React Router, hooks, and REST API integration. Built a Recruitment Management System, Resume Builder, and Job Portal. Use AI-assisted tools to speed up debugging and learning, and review and test all generated code. Currently learning the MERN stack to grow into full-stack development.

SKILLS

Frontend Frameworks: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, jQuery
Concepts: Responsive Web Design, JSX, Hooks, React Router, REST API Integration, Component-Based Architecture, State Management, Single Page Applications (SPA), Props, Event Handling, DOM Manipulation, JSON
Tools: Git, GitHub, VS Code
AI Tools: ChatGPT, Claude, GitHub Copilot (code assistance, debugging, and learning)

PROJECTS

Recruitment Management System | React.js | JavaScript (ES6+) | Bootstrap | GitHub

- Built a responsive single-page application (SPA) for recruitment management using React.js, JSX, and reusable components with props.
- Developed job listing, candidate details, and interview management modules with client-side routing using React Router.
- Managed application state using useState and implemented data fetching with useEffect using a mock REST API and JSON data.

Resume Builder | HTML5 | CSS3 | JavaScript | Bootstrap | jQuery | Local Storage | GitHub

- Built a web-based resume builder that generates professional resumes from structured form input using JavaScript and jQuery DOM manipulation.
- Implemented multiple resume templates, profile photo upload, and auto-save using Local Storage to retain user data on page refresh.
- Integrated a print-to-PDF feature and designed a fully responsive, mobile-first interface using Bootstrap grid.

Job Portal | HTML5 | CSS3 | JavaScript | Bootstrap | jQuery | GitHub

- Designed a responsive job portal for browsing job listings and company information across desktop and mobile devices.
- Implemented job search, page navigation, and application forms with event handling using JavaScript and jQuery.
- Created a clean, user-friendly interface using Bootstrap grid and reusable CSS styles.

CERTIFICATIONS

Full Stack Development – 30 Days MasterClass June 2026 – July 2026
NoviTech R&D Pvt. Ltd.

MERN Stack Development (In Progress) July 2026 – Present
Livewire Institute

EDUCATION

B.E. Mechanical Engineering 2022 – 2026
Mahendra Engineering College | CGPA: 8.27
