# PRAVIN R

## Frontend Developer

+91 7200667910 | rameshpravin1@gmail.com | www.linkedin.com/in/pravin-r-dev | github.com/Pravin13-R | Salem, Tamil Nadu

## PROFESSIONAL SUMMARY

Frontend Developer skilled in React.js, JavaScript (ES6+), HTML5, CSS3, and Bootstrap. I build responsive, component-based single-page applications using React Router, hooks, and REST API integration. Built a Recruitment Management System, Resume Builder, and Job Portal, and I'm now learning the MERN stack to grow into full-stack development. Looking for an entry-level React Developer role.

## SKILLS

**Languages:** JavaScript (ES6+), HTML5, CSS3

**Frontend:** React.js, Bootstrap, jQuery

**Concepts:** Responsive Web Design, JSX, Hooks, React Router, REST API Integration, Component-Based Architecture, State Management, Single Page Applications (SPA), Props, Event Handling, DOM Manipulation, JSON

**Tools:** Git, GitHub, VS Code

## PROJECTS

**Recruitment Management System** | React.js | JavaScript (ES6+) | Bootstrap

- Built a responsive single-page application (SPA) for recruitment management using React.js, JSX, and reusable components with props.
- Developed job listing, candidate details, and interview management modules with client-side routing using React Router.
- Managed application state using useState and implemented data fetching with useEffect using a mock REST API and JSON data.

**Resume Builder** | HTML5 | CSS3 | JavaScript | Bootstrap | jQuery | Local Storage

- Built a web-based resume builder that generates professional resumes from structured form input using JavaScript and jQuery DOM manipulation.
- Implemented multiple resume templates, profile photo upload, and auto-save using Local Storage to retain user data on page refresh.
- Integrated a print-to-PDF feature and designed a fully responsive, mobile-first interface using Bootstrap grid.

**Job Portal** | HTML5 | CSS3 | JavaScript | Bootstrap | jQuery

- Designed a responsive job portal for browsing job listings and company information across desktop and mobile devices.
- Implemented job search, page navigation, and application forms with event handling using JavaScript and jQuery.
- Created a clean, user-friendly interface using Bootstrap grid and reusable CSS styles.

## CERTIFICATIONS

**Full Stack Development – 30 Days MasterClass** June 2026 – July 2026

NoviTech R&D Pvt. Ltd.

- Hands-on training in full-stack web development covering frontend and backend fundamentals.

**MERN Stack Development (In Progress)** July 2026 – Present

Livewire Institute

- Currently learning MongoDB, Express.js, React.js, and Node.js for full-stack web application development.

## EDUCATION

**B.E. Mechanical Engineering** 2022 – 2026

Mahendra Engineering College | CGPA: 8.27
